

## Customer information for regulation (EC) No 1907/2006

The Company ME-Messsysteme GmbH with headquartered in Germany, in following ME, can you, our customers, according to current knowledge following informations for the implementation of REACH at ME. With "product" we mean every one of our product what we bring on the market in the European Community.

1. ME-product, the according to REACH as "substance" are:
  - not applicable
2. ME-product, according to REACH "preparation" are:
  - The annual quantity of the ingredients in this product are in each Individual case less than 1 to. There is no registration requirement for ME according to REACH .
3. ME-product, according to REACH "produce" gelten:
  - All other ME products, whether produced or imported, are not considered to be affected by REACH:
    - no product, in which a substance as the content component reaches the annual quantities of 1 to or more and which under normal or reasonably foreseeable conditions of use,
    - no product with a fabric, of the annual quantities of 1 to or more, with more than 0.1% by mass (w/w) is included and the criteria set out in Article 57 (CMR, PBT, vPvB).
4. Communication with suppliers:
  - In the sense of the communication required by REACH, ME is in close contact with its suppliers in order to comply with REACH requirements . We are asking for a possible pre-registration, and asked for a report of worrying ingredients (SVHC, siehe REACH Artikel 33).
  - This also applies to the substances and preparations used in our production in order to ensure a seamless and REACH-compliant continuation of delivery.
5. Information obligation according to REACH article 33 (SVHC):
  - On the basis of these feedbacks from our suppliers, we assume that our products do not contain substances of concern (SVHC) which result in an obligation to provide information in accordance with Article 33.
  - Nevertheless, we will continue to monitor closely the "candidate list" and Annex XIV and have asked our suppliers to provide updated information as soon as relevant changes occur.

ME assumes that REACH will not affect the ME product spectrum and So as to have you as a customer. In our view, it is not possible to use ME products other than those foreseen. In this respect, we do not consider a possible pre-registration by you, our customers, as so-called "downstream users" . Should you have a different use for one of the affected products, please let us know (contact address below). If you are customer of one of the affected ME products, we will take you for granted According to the regulations of REACH on all necessary safety measures Or changes as soon as they become known to us. Finally we ask you as "downstream user" our information for the protection Of human beings and the environment.

Hennigsdorf, 25.08.2021

Dr. Holger Kabelitz
